WHY SPONSOR THIS YEAR'S CONFERENCE?

Typical conferences focus on improving in the areas related to work. While that's great, ELEX conference is focused on the areas of life that we may have been missing BECAUSE we are spending so much time at work. This includes our securing and protecting our self-care, financial futures, learning about and planning for homeownership, better balancing family and life, being a better parent or spouse and a lot more.

Hosted by NursesBond, a membership organization dedicated to bringing healthcare professionals together to network, bond, and prioritize self-care, our favorite part of the ELEX conference is the opportunity to socialize and network with like-minded professionals. So much joy, happiness, and laughter can come from being in a room with people who get you, who can expose you to something new, and even accept you as you are.

This conference is the first of its kind and we are EXCITED about it. Attendees will be awarded up to 30 CEUs for attending sessions.

Audience Profile:

Attracting over 350 healthcare professionals including nurses, nurse leaders, nurse educators and more

Average Income: \$80,000- \$200,000

Average Education Level: Masters degrees

Average Years of Experience: 5-10 years

ELEX Conference brings your products and services in front of all levels of professionals!
