# WHY SPONSOR THIS YEAR'S CONFERENCE?

**M**ost conferences focus on enhancing professional skills related to work. While that's valuable, the ELEX Conference takes a different approach—it prioritizes the aspects of life professionals often neglect due to work demands. The ELEX Conference connects your brand with professionals at all levels, both in attendance and within our broader database, offering you unmatched visibility and engagement.

Hosted by NursesBond, a membership organization dedicated to uniting healthcare professionals through networking, bonding, and self-care, the ELEX Conference is more than just an event—it's an experience. One of the most rewarding aspects of this conference is the opportunity to socialize and connect with like-minded professionals who share a passion for both career and personal growth.

## Why Sponsor the 2025 Conference?

As a sponsor, you will have the exclusive opportunity to showcase your products and services directly to conference attendees—your potential clients. With interactive networking sessions between events, you'll have valuable one-on-one time to engage with professionals and build lasting relationships.

### Audience Profile:

- Over 350 healthcare professionals in education, leadership, and entrepreneurship looking to advance their careers and businesses.
- Profile level: Nurses, MDs, healthcare leaders, CNOs, COOs, CEOs, CPAs, educators, business owners and more
